What is Synchro?
 Synchronized skating or “synchro” is a specialized discipline of skating involving groups of eight or more skaters performing various group formations and maneuvers. The objective is for the team to perform as one unit executing circles, blocks, lines, wheels and intersections in unison to the music, while demonstrating quality edges, power and flow.

Who can join?
 Members from other clubs are welcome. You would not be switching clubs; you would just to be a part of the synchro team.

NOTE* We will run this class even if we do not get enough numbers to make a team, however we would not be able to attend a competition. We hope that interest will grow throughout the season and we will re-evaluate the possibility of a competition at that time.

What is a bursary? – it is an account the office keeps track of, that when you earn money via a Bingo, bottle drive, etc; that money is put into an account in your family name and then can be used towards registration, coach fees and competitions
